

Fill in the Blanks

There are many ways for students to leave their mark on Stevenson High School — in the classroom, on the field or upon the stage. Another way to leave a mark for years to come is by having a personalized brick placed on the walkway in front of the circle driveway entrance by the Performing Arts Center, or in front of the Fieldhouse entrance. *

People have bought bricks as birthday or graduation gifts for their students. They've even purchased bricks to promote their businesses.

The next time you stop by Stevenson, take a look at the different bricks lining the walkways. If you'd like to join the group, fill out the form below.
