Stevenson High School District 125 offers a two-semester Academic Summer School Program. Summer School is an extension of the school's regular academic program designed to provide students with opportunities to gain academic credit, receive enrichment or remediation, and explore new interests. Incoming freshmen are strongly encouraged to consider enrolling in Summer School as it facilitates the adjustment and transition to high school.

QUESTIONS ABOUT SUMMER SPORTS PROGRAMS?
CONTACT THE PREP OFFICE AT 847-415-4145

The purpose of the district 125 Patriot Recreation Education Program (PREP) is to expand community use of Stevenson High School facilities at no cost to District 125 taxpayers. Programs are scheduled so that they do not conflict with regular high school activities or athletic contests. Administrative costs (including use of space), staff salaries, equipment, etc., are included in the fees assessed participants. PREP is offering a variety of sports camps this summer that will be led by high school coaches. This is an excellent opportunity for current or future Patriots to meet and work with coaches, while receiving a high level of training. All camps are located at Stevenson High School, unless indicated. Register for two or more camps at the same time, and receive a 10% discount!

Academic Summer School General Information

Absences

Because of the compact and accelerated nature of the summer school program, students must be in attendance every day. Under extenuating circumstances, two absences are allowed during each four-week semester. Any student who is absent from three classes per course, regardless of the reason, will forfeit the credit and all fees and be dismissed from the Summer School Program.

Attendance

Each day of a summer school course represents approximately one week in the regular school year. Therefore, regular attendance is required. **Summer vacation plans should not be scheduled during Summer School.** If a student needs to be absent from Summer School due to illness, a parent should call the **Summer School Attendance Office at ext. 4176 or 4517** before 12:50 PM the day the student is absent. Messages can be

left 24 hours a day. Attendance is **mandatory** on the last day of class. (See section on Final Exams and Grading for more detail.) Any student who arrives for class more than five minutes tardy or leaves class early will be considered absent from class.

Students should schedule doctor appointments outside of school hours. Seniors should not schedule portrait sittings during summer school. Photographer appointments should be scheduled after school.

Course Availability

All courses listed as summer school offerings require a sufficient number of student registrants to run. If there is not sufficient interest in a particular course, it will not be provided during Summer School.

Eligibility

Only students who have completed the 8th grade are eligible to enroll in Summer School courses at Stevenson High School. Please refer to the Stevenson Course Book to review the course descriptions and prerequisites for each course.

External Credit

Summer School credit obtained at a high school other than Stevenson High School is considered External Credit. Students must complete an *External Credit Form* **prior to enrolling** in any summer school class outside of Stevenson High School. Students who fail to complete an *External Credit Form* (available online) prior to the beginning of the class outside of Stevenson will not be awarded credit toward graduation.

Fees

The tuition fees (and additional lab fees where appropriate) are listed in the course description. All fees must be paid at the time of registration.

Final Exams and Grading

Final course grades will be determined by assigning twenty-five percent to the final examination and seventy-five percent to all course work. Attendance is **mandatory** on the last day of each semester, as final exams are scheduled for that day. **Final exams will not be given early.** If a student is absent from the final exam in a course, a grade of "F" will be recorded for the exam and averaged into the student's grade for the course. Students will not be given the final exam until textbooks are returned. Grades and credits will not be issued to those students who do not return all textbooks on time. Grades are posted to the parent/student portal on a weekly basis.

Food Service

Food service is available each day in the student cafeteria/commons area. Breakfast items will be available from 7:15 AM to 7:45 AM and snack items will be available during class breaks. Lunch items are available during the second break

GPA

Summer School grades are included in the student's cumulative grade point average (GPA). See the Course Book for grading information. Semester grade reports will be mailed within two weeks of the close of each Summer School semester.

Grade Point Waiver

Students may apply to exclude certain courses from the calculation of their grade point average (GPA). These courses are those which are not considered part of the academic core and which do not fulfill a SHS graduation requirement. Summer School courses included in this waiver option are Fine Arts courses, Applied Arts courses, and all other college prep level Summer School courses which are not part of the regular school year course offerings. (Please see specific courses listed in this brochure.)

The *Request for GPA Waiver Form* is available online and in the Student Services Office and must be submitted **within the first five days** of the course. All waivers must be requested. No courses will have an "automatic" waiver. The letter grade earned in the course will appear on the transcript with a "W" in front of the course title indicating that the grade is waived from calculation in the GPA.

Grade Weighting

Courses are college prep unless otherwise noted.

Insurance

The 2011-2012 school year 24-hour insurance coverage purchased by Adlai E. Stevenson High School students continues for academic courses during the summer semester.

Policies/Rules

The same academic atmosphere will prevail during Summer School as in the regular school year. Disciplinary problems will not be tolerated, and the student will be dismissed from Summer School. Students are not permitted to leave campus during Summer School hours. All school rules are in effect during Summer School. Established policies regarding conduct,

care of school property, and dress will be maintained throughout Summer School. Once the session begins, all calls regarding school policies should be directed to the Summer School Dean.

Refunds

All fees will be refunded if a course is canceled due to insufficient enrollment. Students who cancel a registration after the sectioning date (March 16), but before the course begins will receive a partial refund. In these cases, a \$100 non-refundable processing fee will be charged. Summer School is self-supporting. Courses will be offered only if a sufficient number of students register. No refunds will be issued after the semester begins.

Registration

Summer School registrations will be accepted beginning in late January 2012. Please see the Stevenson website for more information. Registrations will be received online or in person after late January. After March 16, sections will be determined and staff hired based on the number of requests. Families will be contacted in late March if their Summer School request cannot be accommodated. It is recommended that Summer School registrations be submitted by March 16 to avoid a class cancellation due to insufficient enrollment. After March 16, all registrations are on a space-available basis. If a class is full or has to be canceled, you will be notified of other options or alternatives. Incomplete registrations will be not accepted. All fees must be paid at time of registration.

Rooms

Summer School will be located on the east side of campus. Room locations will be sent with your confirmation letter in early June. Room locations will also be posted at the Field House entrance and outside administrative offices the first day of class.

Study

Approximately one week's study in the regular school year is covered each day of Summer School, requiring a considerable amount of study at home each day. Work missed due to absence must be made up within three days after returning to school.

Tardies

Students need to arrive for class on time. A student is not permitted to be tardy more than four times. Any student who is tardy at the beginning of class or after break five times per course will not

TRANSPORTATION

Procedures for Bus Transportation

School bus riders, at the pick up site and while in transit, are under the supervision of the school bus driver. Bus drivers are responsible for the lives of all students on their buses and will not be required to transport any individual who is a disciplinary problem. If a student's behavior is inappropriate, the privilege of riding the bus will be withdrawn, and it becomes the responsibility of the parent to transport the student.

Rules for Bus Transportation

1. Arrive early at the designated school bus stop. It is especially important to be at least 10 minutes early the first day of each semester.
2. Stay well off the roadway at all times while awaiting the arrival of the bus.
3. Do not move toward the bus until the bus has been brought to a complete stop. Be careful in approaching the place where the bus will stop. When entering the bus, use the hand rail and move quickly to your seat.
4. Do not leave your seat, stand up, or kneel in your seat while the bus is in motion.
5. The bus driver is in complete command of the bus. You must follow his/her directions.
6. Remain in the bus in the event of a road emergency until instructions are given by the driver.
7. Keep your hands and arms inside the bus at all times. Never throw things out of the windows. Students are not permitted to lower or raise bus windows.
8. Avoid loud talking, laughing, or unnecessary confusion which can divert the driver's attention and result in a serious accident.
9. Profanity will not be tolerated.
10. Smoking is not permitted on the bus.
11. No unscheduled bus stops are permitted. Do not ask the bus driver to stop at places other than the regular bus stops.
12. Observe safety precautions at all discharge points. Where it is necessary to cross a two-lane highway only, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Wait for a signal from the bus driver permitting you to cross safely.

receive credit for the course, will be dismissed from the Summer School program and will forfeit fees. Any student who arrives for class more than five minutes tardy or leaves class early will be considered absent from class.

Time

Summer classes meet from 7:45 AM to 12:50 PM. There will be two breaks. The first break will last 15 minutes. The second break will last 25 minutes to allow for the cafeteria to serve lunch.

Transportation

Transportation is included for academic Summer School only. There is no bus service for afternoon PREP classes. Bus routes and stops are determined by student enrollment and safety concerns. Summer School bus routes are not the same as during the school year. Time constraints limit bus service to centralized pick up locations. Bus service cannot extend to student pick up at individual addresses. Bus route information will be posted on the Stevenson website.

IMPORTANT REGISTRATION INFORMATION

Registration Timeline

1. All student registrations received by 4 p.m. on Friday, March 16, 2012, will be processed, and sections will be created based on these requests.
2. Registrations that are received after the March 16 sectioning deadline will be processed on a first-come, first-served, space-available basis.
3. Families will be contacted and given other options or alternatives in late March if their Summer School request cannot be accommodated.
4. Initial course confirmations will be mailed home by the last week in March. Final confirmations that include teacher names and room numbers will be mailed the first week in June.

Refunds

1. Students who cancel a registration *after* March 16 and before the course begins will forfeit a \$100 processing fee.
2. No refunds will be issued once the semester begins.

Class Cancellations

1. Summer School is self-supporting, and courses will be offered only if a sufficient number of students register.
2. Students will be contacted if it is determined that a class will need to be canceled.
3. All fees will be refunded if a course is canceled due to insufficient enrollment.

This course provides a foundation in the skills for successful analysis, argument, and synthesis of text—in all major genres: poetry, nonfiction, fiction, and drama. Participation in this course provides students an overview of the literary and rhetorical skills that encompass the range of reading and writing experiences in the Accelerated/AP English classes. Completion of the course provides the necessary preparation for Freshman Accelerated English and/or Sophomore Accelerated English. This course is also appropriate for students who are intending to enroll in their first AP English course in the fall.

PREP FOR AP ENGLISH WRITING

ENG41S: JUNE 11 - JUNE 21 OR ENG42S: JULY 9 - JULY 19
(EIGHT-DAY COURSE OFFERED AT THE BEGINNING OF EITHER SEMESTER)
7:45 AM - 12:50 PM
CREDIT: .5, PASS/FAIL
COST: \$135 & \$30 BOOK FEE
OPEN TO: 11-12
This course provides students the skills necessary to navigate the major writing tasks of AP English Language and Composition and AP English Literature and Composition. These six distinct writing skills are: rhetorical analysis, argument, synthesis, poetry analysis, prose analysis, and an open-ended response to literature. Students will gain a vocabulary with which to enter in these distinct academic styles of writing; additionally, students will gain enriched reading skills that are a prerequisite for successful writing. This course is designed for students who have not had prior accelerated/honors experience in English OR for students who would like to develop their writing skills in preparation for their Junior or Senior year AP English class.

PREREQUISITE: APPROVAL OF DIRECTOR;
RECOMMENDED FOR INCOMING
FRESHMEN CURRENTLY ENROLLED IN
ALGEBRA (COLLEGE PREP SEQUENCE
MTH151/152)
OPEN TO: 9
This course emphasizes the development of skills, techniques, and applications that deal with number relations, linear equations, formulas, polynomials, graphing, systems of equations, and probability. This sequence is designed for students who desire a year of algebra while strengthening mathematical skills. Successful completion of this course with a "B" or better will prepare incoming ninth grade students for Advanced Algebra Accelerated.

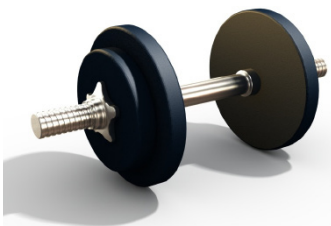

PREP FOR ADVANCED ALGEBRA

MTH22S: JULY 9 – AUGUST 2
(ONE-SEMESTER COURSE OFFERED
SECOND SEMESTER ONLY)
7:45 AM - 12:50 PM
CREDIT: 1/SEM, PASS/FAIL
COST: \$270/SEM
PREREQUISITE: ENROLLED IN ADVANCED
ALGEBRA IN FALL TERM
OPEN TO: 10-11-12
This course helps students prepare for Advanced Algebra by reviewing Algebra I material, previewing Advanced Algebra topics, and practicing calculator skills. Students receive one elective mathematics credit while maintaining and enhancing previously-learned mathematics skills.

MATHEMATICS

ADVANCED ALGEBRA (RETAKE)

**MTH51S: JUNE 11 – JULY 3 AND
MTH52S: JULY 9 – AUGUST 2**
FIRST SEMESTER, SECOND SEMESTER, OR
BOTH SEMESTERS
7:45 AM - 12:50 PM
CREDIT: 1/SEM
COST: \$270/SEM
PREREQUISITE: COMPLETION OF
ADVANCED ALGEBRA
OPEN TO: 11-12
This course is designed for students who need to or want to retake either one semester or the full year of MTH351/352 Advanced Algebra, due to a failure in the course or the desire to earn a higher grade. This course extends topics learned in Algebra I and teaches topics that prepare students for Precalculus or Advanced Mathematical Decision Making. Students solve, graph, and write equations for polynomial, quadratic, piece-wise, rational, exponential, and logarithmic functions and use them to model a variety of situations. In addition, students study complex numbers, radicals, matrices, probability, sequences, and series.

ADVANCED ALGEBRA HONORS

**MTH71S: JUNE 11 – JULY 3 AND
MTH72S: JULY 9 – AUGUST 2**
(BOTH SEMESTERS REQUIRED)
7:45 AM - 12:50 PM
CREDIT: 1/SEM (HONORS)
COST: \$270/SEM
PREREQUISITE: 8TH GRADE CREDIT IN
ADVANCED ALGEBRA AND APPROVAL OF
DIRECTOR
OPEN TO: 9
This course deals with an in-depth study of topics covered in the Advanced Algebra sequence. Additional content includes the study of permutations and combinations, probability, sequences, and series. Successful completion of this course with a "B" or better prepares the students for entry into the Geometry Honors sequence as a freshman. Since

the student will cover content normally taught in the Advanced Algebra course, students successfully completing Advanced Algebra Honors may not register for credit in Advanced Algebra.

GEOMETRY

**MTH25S: JUNE 11 – JULY 3 AND
MTH26S: JULY 9 – AUGUST 2**
(BOTH SEMESTERS REQUIRED)
7:45 AM - 12:50 PM
CREDIT: 1/SEM
COST: \$270/SEM
PREREQUISITE: A- OR HIGHER IN
BOTH SEMESTERS OF ALGEBRA 1
(MTH151/152)
OPEN TO: 10-11-12
This course introduces students to work with sets of points and related properties. Sets studied include lines, angles, polygons, circles, planes and surfaces of geometric solids such as pyramids, cones, cylinders, and spheres. This sequence emphasizes systematic approaches to and processes for proving and applying theorems. Algebra is utilized extensively during the second semester. Successful completion of this sequence prepares the students for further work in algebra, usually in Advanced Algebra Accelerated.

GEOMETRY HONORS

**MTH73S: JUNE 11 – JULY 3 AND
MTH74S: JULY 9 – AUGUST 2**
(BOTH SEMESTERS REQUIRED)
7:45 AM - 12:50 PM
CREDIT: 1/SEM (HONORS)
COST: \$270/SEM
PREREQUISITE: ADVANCED ALGEBRA
HONORS WITH BOTH SEMESTER GRADES
OF A
OPEN TO: 10-11
This full-year course is an in-depth study in Euclidean geometry including coordinate geometry, geometric probability, some conic sections, and transformations. Advanced Algebra topics are reviewed extensively through the sequence. Successful completion will prepare a student for Precalculus Honors.

PREP FOR AP CALCULUS AB

MTH62S: JULY 9 – AUGUST 2
(ONE-SEMESTER COURSE OFFERED
SECOND SEMESTER ONLY)
7:45 AM - 12:50 PM
CREDIT: 1/SEM, PASS/FAIL
COST: \$270/SEM
PREREQUISITE: COMPLETION OF
PRECALCULUS
OPEN TO: 12
This four-week course will further prepare Precalculus students interested in enrolling in AP Calculus AB in the fall. The curriculum will cover prerequisite concepts such as trigonometric functions and their inverses, trigonometric identities and equations, graphing of conic sections, and writing parametric equations.

COMPUTER PROGRAMMING ACCELERATED

**CSC71S: JUNE 11 – JULY 3 OR
CSC72S: JULY 9 – AUGUST 2**
(ONE-SEMESTER COURSE OFFERED
EITHER SEMESTER)
7:45 AM - 12:50 PM
CREDIT: 1/SEM
COST: \$270/SEM & \$40 LAB/SEM
PREREQUISITE: COMPLETION OF
ALGEBRA I WITH A B OR HIGHER
OPEN TO: 9-10-11-12
This course introduces students to computer programming using both Java and C++. Students use Java to write several simple game applications, as well as learn how to include buttons and pop-up menus within Java applets (which can be run as a web-page). Students use Java applets to write programs with both random and student-designed graphics/animations. C++ will be used for the first several weeks to introduce the general programming concepts that are needed in both C++ and Java. Introductory topics include using data files, translating formulas, using loops to get the computer to automate steps, etc. Successful completion of this one-semester course prepares the student for Advanced Placement Computer Science.

SCIENCE

GEO-SCIENCE ACCELERATED

SCI11S: JUNE 11 – JULY 3
(ONE-SEMESTER COURSE OFFERED

ACCELERATED
OPEN TO: 9-10
This one-semester course will introduce accelerated science students to the concepts and processes of Earth Science. It will introduce laboratory and critical thinking experiences that prepare students for further study in accelerated and/or advanced placement science courses. Topics covered will include minerals and rocks, geologic time, plate tectonics and the structure of the Earth, weathering and erosion, the electromagnetic spectrum and energy transfer, and meteorology.

BIOLOGY

**SCI21S: JUNE 11 – JULY 3 AND
SCI22S: JULY 9 – AUGUST 2**
(BOTH SEMESTERS REQUIRED)

COST: \$135 & \$20 LAB
PREREQUISITE: ENROLLED IN
AP CHEMISTRY FOR UPCOMING
2012-2013 SCHOOL YEAR
OPEN TO: 11-12
This eight-day class is designed to help students to be successful in AP Chemistry. Students will gain confidence in their ability to understand chemistry, will get a solid review of concepts they may have struggled with in the past, will get a preview of some of the more challenging topics in AP Chemistry, and will have an enjoyable, hands-on lab experience every day. This AP Chemistry prep class will be a mixture of laboratory experiments, group discussions, teacher demonstrations, and individual and small group work. There will be no homework for the .5 credit pass/fail course. If you want the extra attention from experienced AP Chemistry teachers and a preview of some of the new topics that will be covered in AP Chemistry, give AP Chemistry Prep a try! We want you to be the strongest AP Chemistry student you can possibly be.

SOCIAL STUDIES

WORLD HISTORY

**SOC13S: JUNE 11 - JULY 3 AND
SOC14S: JULY 9 - AUGUST 2**
(BOTH SEMESTERS REQUIRED)
7:45 AM - 12:50 PM

CREDIT: 1/SEM
COST: \$270/SEM
PREREQUISITE: NONE
OPEN TO: 9-10-11-12

One year of World History is required for graduation. Summer School students must register for both semesters of World History. This survey course in World History is a foundation course for social studies. A framework is established in which historical patterns, themes and concepts are explored. Although this course touches on some of the greatest ancient and classical civilizations of the old world, it also covers the development of Western traditions, especially in the last 500 years. There is an emphasis on the geographical context of civilizations. Students will find ample reason to appreciate both the diversity of the human past and the commonalities in each stage of history. Basic skills in reading, writing, and note and test-taking will be practiced. Social skills in cooperative group work, debate, and class discussion will be taught. Significant nightly reading and writing assignments are required.

UNITED STATES HISTORY

**SOC33S: JUNE 11 - JULY 3 AND

(BOTH SEMESTERS REQUIRED)
7:45 AM - 12:50 PM

CREDIT: 1/SEM
COST: \$270/SEM
PREREQUISITE: WORLD HISTORY
OPEN TO: 11-12

This sequence fulfills the graduation requirement of one year of U. S. History as established by the State of Illinois. With an emphasis on the 20th Century, the overriding goal of this course is to give students the opportunity to understand how the current domestic and international status of the United States developed. It is designed to help students to identify causes and effects, events, philosophies, and individuals that led to the contemporary situation and provide them with an historical basis for decision-making. This course builds on the skills associated with historical inquiry introduced in World History. Geographic themes such as location, mobility, and interaction with the environment are stressed within this historical treatment.

ECONOMICS

**SOC43S: JUNE 11 - JULY 3 OR
SOC44S: JULY 9 - AUGUST 2**

(EIGHT-DAY COURSE OFFERED FIRST
SEMESTER ONLY)
7:45 AM - 12:50 PM
CREDIT: .5, PASS/FAIL
COST: \$135

OPEN TO: 10-11-12
This course is intended to prepare students for advanced skills which they will be expected to implement as they move through their Social Studies courses. A majority of Stevenson students will be introduced to Advanced Placement courses through the Social Studies department. This course will include the skills involved with document analysis, critical assessment of reading, and note-taking strategies. In addition, students will participate in debates and develop their writing skills.

WORLD LANGUAGES

SPANISH CONVERSATION, COMPOSITION, AND STUDY SKILLS

SPA10S: JUNE 11 - JULY 3
(ONE-SEMESTER COURSE OFFERED FIRST SEMESTER ONLY)
7:45 AM - 12:50 PM
CREDIT: 1/SEM, GPA WAIVER OPTION
COST: \$270/SEM
PREREQUISITE: NONE
OPEN TO: 9-10-11-12

This course will help students develop study skills specific to language learning and to strengthen the content knowledge for those who will enroll in Spanish 2 for the 2012-13 school year. During the course, students will review the grammar concepts and vocabulary acquired in Spanish 1. The student's ability to communicate in Spanish will be developed through participating in simple conversations, making short presentations, and writing paragraphs and skits on familiar topics. Listening comprehension skills will be enhanced, and cultural knowledge will be enriched through language laboratory activities, videos, and presentations by Spanish speakers. A qualifying score on the final exam will allow students to be recommended for Spanish 2.

PREP FOR AP SPANISH

SPA11S: JUNE 11 - 21
(EIGHT-DAY COURSE OFFERED AT THE BEGINNING OF FIRST SEMESTER)
7:45 AM - 12:50 PM
CREDIT: .5, PASS/FAIL
COST: \$135
PREREQUISITE: COMPLETION OF SPANISH 3 ACCELERATED OR SPANISH 4
OPEN TO: 10-11-12

This course is designed to strengthen the content knowledge of students who will enroll in AP Spanish Language during the 2012-13 school year. During the course, students will review the grammar concepts acquired in Spanish 3 Accelerated and/or Spanish 4 and will also include specific tasks that are unique to AP Spanish Language. Special emphasis will be given to analytical writing, intensive listening and persuasive oral presentation of sophisticated topics in the target language. The student's ability to manipulate the language in different situations will be developed through participating in extensive conversation, both in the classroom and through various authentic samples of native speakers, that will be practiced in the digital language laboratory. Active participation in blogs, podcasts, and improvisational presentations are also core elements of this course. This course fulfills the summer assignment requirement for AP Spanish language.

FRENCH CONVERSATION, COMPOSITION, AND STUDY SKILLS

FRE10S: JUNE 11 - JULY 3
(ONE-SEMESTER COURSE OFFERED FIRST SEMESTER ONLY)
7:45 AM - 12:50 PM
CREDIT: 1/SEM, GPA WAIVER OPTION
COST: \$270/SEM & \$40 FIELD TRIP FEE
PREREQUISITE: NONE
OPEN TO: 9-10-11-12

This course will be designed to review grammar and vocabulary from the *Bien dit!* Level One textbook with time for learning conversational expressions, as well

as time for lots of oral practice. We will also be focusing on the cultural aspects of France and Francophone life. We will spend some days in a classroom at SHS, but we will also take numerous field trips. Field trips may include, but are not limited to: a French café in the surrounding area and in Chicago, and the Art Institute of Chicago. There will also be a day set aside to create an authentic French meal.

INTENSIVE FRENCH LANGUAGE

FRE11S: JUNE 11 - JULY 3
(ONE-SEMESTER COURSE OFFERED FIRST SEMESTER ONLY)
7:45 AM - 12:50 PM
CREDIT: 1/SEM, GPA WAIVER OPTION
COST: \$270/SEM & \$40 FIELD TRIP FEE
PREREQUISITE: COMPLETION OF FRENCH 1, 2ACC, OR 3 ACC
OPEN TO: 9-10-11-12

The purpose of this course is designed to review and strengthen grammatical components necessary for students to transition more comfortably into their French coursework for the upcoming academic year. The course serves as an enrichment experience and is aimed at increasing student's confidence in communicating in the target language. During the course, the teacher will assess each student's level of language knowledge so that the teacher may develop an individualized program to increase student's success in written and oral communication. Students will review grammar and vocabulary specific to their level of French knowledge. Additionally, students will participate in whole-class and

small-group discussions designed to increase student's ease at speaking in authentic situations. The course will also focus on enhancing listening comprehension skills and cultural knowledge via engaging language laboratory activities, videos, songs, and other multi-media resources. Students will complete several presentations and skits in French. We will spend some time in a classroom at SHS, but we will also take 2-3 field trips to enhance cultural knowledge. Field trips may include, but are not limited to, a French café or restaurant in the surrounding area and the Art Institute of Chicago.

ELL ENGLISH ENRICHMENT

ELL02S: JULY 9 - AUGUST 2

This one-semester course is designed for newly exited ELL students to transition smoothly into the mainstream English classes and for Advanced ELL students to transition to American Literature. Students will read novels, short stories, poems, and other texts to enhance their reading, writing, listening, and speaking skills. Academic vocabulary and grammar will also be emphasized.

PREP FOR ACCELERATED AND AP COURSES

PREP FOR ACCELERATED ENGLISH – PATH TO AP ENGLISH

(SEE PAGE 4 FOR COMPLETE DETAILS)
OPEN TO: 9-10

This course provides a foundation in the skills for success in analysis, argument, and synthesis of text—in all major genres: poetry, nonfiction, fiction, and drama. Participation in this course provides students an overview of the literary and rhetorical skills that encompass the range of reading and writing experiences in the Accelerated/AP English classes. Completion of the course provides the necessary preparation for Freshman Accelerated English and/or Sophomore Accelerated English. This course is also appropriate for students who are intending to enroll in their first AP English course in the fall.

PREP FOR AP ENGLISH WRITING

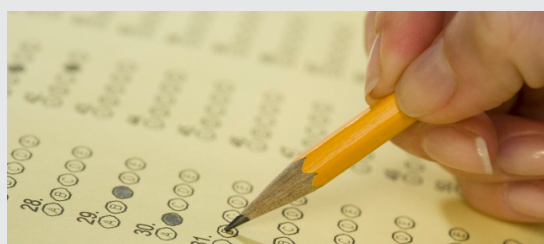

(SEE PAGE 4 FOR COMPLETE DETAILS)
OPEN TO: 10-11

This course provides students the skills necessary to navigate the major writing tasks of AP English Language and Composition and AP English Literature and Composition. These six distinct writing skills are: rhetorical analysis, argument, synthesis, poetry analysis, prose analysis, and an open-ended response to literature. Students will gain a vocabulary with which to enter in these distinct academic styles of writing; additionally, students will gain enriched reading skills that are a prerequisite for successful writing. This course is designed for students who have not had prior accelerated/honors experience in English OR for students who would like to develop their writing skills in preparation for their Junior or Senior year AP English class.

This four-week course will further prepare Precalculus students interested in enrolling in AP Calculus AB in the fall. The curriculum will cover prerequisite concepts such as trigonometric functions and their inverses, trigonometric identities and equations, graphing of conic sections, and writing parametric equations.

PREP FOR AP CHEMISTRY

(SEE PAGE 5 FOR COMPLETE DETAILS)
OPEN TO: 11-12

This eight-day class is designed to help students to be successful in AP Chemistry. Students will gain confidence in their ability to understand chemistry, will get a solid review of concepts they may have struggled with in the past, will get a preview of some of the more challenging topics in AP Chemistry, and will have an enjoyable, hands-on lab experience every day. This AP Chemistry prep class will be a mixture of laboratory experiments, group discussions, teacher demonstrations, and individual and small group work. There will be no homework for the .5 credit pass/fail course. If you want the extra attention from experienced AP Chemistry teachers and a preview of some of the new topics that will be covered in AP Chemistry, give AP Chemistry Prep a try! We want you to be the strongest AP Chemistry student you can possibly be.

PREP FOR AP SOCIAL STUDIES SKILLS

(SEE PAGE 6 FOR COMPLETE DETAILS)
OPEN TO: 10-11-12

This course is intended to prepare students for advanced skills which they will be expected to implement as they move through their Social Studies courses. A majority of Stevenson students will be introduced to Advanced Placement courses through the Social Studies department. This course will include the skills involved with document analysis, critical assessment of reading, and note-taking strategies. In addition, students will participate in debates and develop their writing skills.

PREP FOR AP SPANISH

(SEE PAGE 7 FOR COMPLETE DETAILS)
OPEN TO: 10-11-12

This course is designed to strengthen the content knowledge of students who will enroll in AP Spanish Language during the 2012-13 school year. During the course, students will review the grammar concepts acquired in Spanish 3 Accelerated and/or Spanish 4 and will also include specific tasks that are unique to AP Spanish Language. Special emphasis will be given to analytical writing, intensive listening and persuasive oral presentation of sophisticated topics in the target language. The student's ability to manipulate the language in different situations will be developed through participating in extensive conversation, both in the classroom and through various authentic samples of native speakers that will be practiced in the digital language laboratory. Active participation in blogs, podcasts, and improvisational presentations are also core elements of this course. This course fulfills the summer assignment requirement for AP Spanish Language.

Adlai E. Stevenson High School District 125

2012 Summer PREP Bulletin

The purpose of the District 125 Patriot Recreation Education Program (PREP) is to expand community use of Stevenson High School facilities. Programs are scheduled so that they do not conflict with regular high school activities or athletic contests. PREP is offering a variety of sports camps this summer that will be led by high school coaches. This is an excellent opportunity for current or future Patriots to meet and work with coaches, while receiving a high level of training. All camps are located at Stevenson High School, unless otherwise indicated. Register for two or more camps at the same time, and receive a 10% discount!

Students enrolled in the following camps and leagues have use of the weight room at no additional cost
