Presents the

2022 Day of Dance Performance

Day of Dance 2022 Fairy Tales

The dances showcased in Day of Dance Recital are composed of all student choreography from every class in the SHS Dance Department. Dancers used the theme of Fairy Tales as their inspiration to create their dances. For each dance piece, student choreographers worked in groups and were responsible for developing ideas that expressed the concept they created from a selected Fairy Tale. Concert Dancers and Dance Leaders had the option to submit a solo in addition to their group work, choosing music and developing their own original concepts. The Dance Leaders, who assist Dance 1 classes, were responsible for choosing the costumes and worked closely with all of the dance groups from their respective classes. We thank you for coming to support the dance students and their hard work in creating these pieces!
